6. Provide information, written assessments, reports and statements to support other service professionals, managers and the courts in making decisions related to care.

7. Maintain file records relating to service users to a high standard in accordance with relevant legislation, policy and procedures.

8. To contribute to ensuring the successful completion of Quality Assurance processes within the team.

D. Facilitate the provision of a needs-led service, working with providers within Social Services, Somerset Partnership and independent and voluntary sectors in order to meet requirements.

9. Assess the needs of children and carers and facilities under the appropriate statutory frameworks.

10. Access resources and services for families and carers which will assist them in caring appropriately for their children.

11. Develop, facilitate and maintain effective joint working relationships, with primary care, housing, police and any other agencies as appropriate.

E. Establish appropriate professional relationships with service users, their families and other professionals to enable effective partnerships in the provision of services.

12. Build and maintain appropriate professional relationships and networks when working with children and their families and carers.

13. Contribute to multi-agency team working, and participate in multi-agency meetings. Act as a lead worker as required engaging with other professionals on specific areas of expertise.

14. Enable individual's families and carers to address issues which affect their health, financial, emotional and social wellbeing.

15. Promote children and young people's equality, diversity and rights, by applying, maintaining and evaluating systems and structures in an anti-discriminatory way.

F. Build upon existing knowledge and practice with research and training to develop individual skills and new approaches for improvement in service provision.

16. Develop one's own knowledge and practice and contribute to the development of policy and practice.

17. Participate in performance appraisal and consultations with team managers and undertake regular professional development programmes to improve personal knowledge, skills and effectiveness.

18. Provide accurate and timely operation of IT systems relating to client information, complying with practice requirements. Participate in the effective operations of quality assurance processes.

Other Elements and Specialist Assignment areas which you may be expected to undertake:
